JC Balls & Sons Digger Dance is an exciting team driven entertainment show exhibiting the flexibility and talent of JCB operators. The digger dance team follow a precise choreographed routine to music, and sees several daring moves, including balancing the machines on their sides, which will delight young budding Bob the Builder fans and old alike.

The team now consists of several members (men and women) driving various machinery and working behind the scenes to make this a spectacular show not to be missed. Most amazing is that the members and the machines are out doing normal work what JCB's do every other day of the week!

In addition to the demonstrations, will be a static display of birds, along with an educational display.

These shows are put on in order to raise money for the local Air Ambulance, so please support this worthy cause.
